

FFY 15 NSP Goal 3: Participant-Centered Education (PCE)

Overview and Summary of Activities

Overview

California WIC is establishing minimum PCE standards. As part of this process, local WIC agencies were asked during the last three-year NSP cycle (FFY 12-14) to assess their use of PCE principles and techniques and to determine their training needs. Based on these assessments, each agency developed and implemented a plan to improve PCE practices.

As part of the FFY 15 NSP, agencies will build on their accomplishments by continuing the assessment, planning, and training strategies that strengthen PCE delivery and put standards into practice.

Summary of Activities

(see [FFY 2015 NSP Work Plan](#) for details)

Activity	Timeframe
Execute agency FFY 15 PCE Implementation Plan	Ongoing throughout FFY 15
Assess agency PCE practices Conduct educator observations and review class designs/environment using the PCE Observation and Review Tools . <i>(This documentation stays at the agency)</i>	By May 30, 2015
Complete FFY 15 PCE Learning Needs and Resources Assessment (LNRA) Assess and summarize agency's PCE strengths, areas for growth, and ability to train and support educators in improving / sustaining PCE. <i>(This documentation stays at the agency)</i>	By May 30, 2015
Complete and submit FFY 16 PCE Implementation Plan Assess agency's progress towards meeting FFY15 PCE goals. Develop FFY16 goals based on findings from the LNRA, and describe activities to meet these new goals. <i>(Implementation Plan is submitted online to State WIC)</i>	By Sept 30, 2015
